Iron Springs Resort, a longtime favorite getaway for Northwest residents, is running a pair of packages with fall and winter travel in mind.

With the Holiday on the Shore package, clients get a mulled cider spice kit, winter cookie cookbook, cookie cutters, holiday card-making kit and keepsake holiday DVD. The package is available through Dec. 31, 2011. Prices start at \$174 per night.

The Set Sights on the Sea package, timed with the region's spectacular coastal swells and stormy skies, provides guests with a bottle of wine, cinnamon rolls, a pair of Iron Springs mugs and Ivar's Clam Chowder for two. Rates start at \$370 for a two-night stay, with availability through April 2012.

Located two-and-one-half hours west of Seattle, Iron Springs Resort reopened July 1, 2011 after the completion of a yearlong restoration. The pet-friendly vacation property is

home to 24 private cabins situated on scenic beachfront cliffs along the Washington coast. Each cabin retains its original charm, character and ocean views while benefitting from updates that include a modern and fully equipped kitchen, pillow top beds and fully renovated bathrooms and living spaces.
